

### Sno-Valley Plant and Garden Sale, CONTINUED

**Friday, April 30 and Saturday, May 1, Remlinger Farms, Carnation**

A special focus this year is on beautiful garden art (cement leaves, birdhouses, glass ornaments, nature photography and more) from local artists and artisans, as well as benches and stepping stones for patios and walkways. On Saturday, landscaper Daniel Mount will demonstrate container gardening options. Master gardeners will be on hand to answer your garden questions both days. Come early for best selection and indulge yourself by sipping a latte - savor a cinnamon roll, cup of soup, or slice of pie featuring baked goods made by our Senior Center members. Come early for best selection and indulge yourself by sipping a latte - savor a cinnamon roll, cup of soup, or thick slice of pie featuring baked goods made by our Senior Center members. Featured for the first time is a **"First Picks" garden party** on **Thursday, April 29 from 6-8 pm** at Remlinger Farms. While getting first chance to buy, enjoy catered appetizers, wine, and music as you stroll amongst the plants and garden art. A framed artwork—silent auction will cap the evening. Tickets are \$25 and can be purchased at the Sno-Valley Senior Center or at [www.snovalleyseior.org](http://www.snovalleyseior.org) by April 25. All proceeds from this sale go to support activities at the Sno-Valley Senior Center that encourage healthy aging. For more information, go to our website: [www.snovalleyseior.org](http://www.snovalleyseior.org).

### Native Plants PLANTED Here!

**PRKC VOLUNTEERS BIRTH "BARE ROOT" BABY NURSERY**

135 Years of Fall City History

Every November, the King Conservation District [KCD] sells inexpensive "bare root" native plants to municipalities, organizations, and private residents for restoration projects & landscaping. This year, PRKC purchased \$100 of hardy native plants and KCD matched our purchase for **SiA** restoration projects on the Raging River. With **Cedar Grove's** donation of soil, and **Landscupts** donation of pots, **12 wonderful volunteers** potted up our plants in wet and chilly March! **Cory Huskinson** at Baxter Barn [[www.baxterbarn.org](http://www.baxterbarn.org)] graciously offered to feed and water these plants all summer. We'll move them to heir final homes for restoration planting in the Fall. Thank you to those who pitched into make these sustainable projects possible!
